Who benefits from the activities of your organisation? (in less than 200 words)

When you have a disability you are always assessed by what you can't do, school reports, application for schools and colleges, health forms, assessments, so when a little girl of 7 says I am going to go to the Olympics one day and now how this opportunity it reminds us all that although life has to judge and grade these kids, the kids themselves never give up their dream and believe in themselves.

Which other organisations do you work with locally to deliver and publicise your activities? (in less than 200 words)

Details of Funding Requested

What is your activity / project called?	Special Olympics World Games
--	------------------------------

How will your project benefit the local community within the Haslington Parish boundary? What advantages will it bring to Haslington, Oakhanger and Winterley? (in less than 200 words)

It will show the achievement of a young person with disabilities and how the local community in which she lives has embraced and supported her. I appreciate Special Olympics is not publicised like the Olympic Games and Para Olympics but it's equally as important and an amazing achievement for the athletes and their families. So maybe as a community we can try and educate and inform people, giving people with learning disabilities a more positive image and be equally valued as an athletes.

How many people within the Parish boundary will benefit from your project?

Who will benefit from the activities from your project? (in less than 200 words)

The community will be informed and educated about an event that possibly people have never heard about and share it with their children so they will be better educated and informed.
